

Starbucks Company Profile

July 2011

The Starbucks Story

Our story began in 1971. Back then we were a roaster and retailer of whole bean and ground coffee, tea and spices with a single store in Seattle's Pike Place Market.

Today, we are privileged to connect with millions of customers every day with exceptional products and more than 17,000 retail stores in over 50 countries.

Folklore

Starbucks is named after the first mate in Herman Melville's *Moby Dick*. Our logo is also inspired by the sea – featuring a twin-tailed siren from Greek mythology.

Starbucks Mission

Our mission: to inspire and nurture the human spirit – one person, one cup and one neighborhood at a time.

Our Coffee

We've always believed in serving the best coffee possible. It's our goal for all of our coffee to be grown under the highest standards of quality, using ethical sourcing practices. Our coffee buyers personally travel to coffee farms in Latin America, Africa and Asia to select the highest quality *arabica* beans. Once these quality beans arrive at our roasting plants, Starbucks experts bring out the balance and rich flavor of the beans through the signature Starbucks Roast™.

Being a Responsible Company

We are committed to doing business responsibly and conducting ourselves in ways that earn the trust and respect of our customers, partners and neighbors.

Ethical Sourcing: We've developed strong, long-term relationships with farmers all over the world that help ensure we are able to buy the high-quality coffee our customers expect from us. It's our goal that by 2015, all of our coffee will be grown using ethical trading and responsible growing practices.

Environmental Stewardship: We share our customers' commitment to the environment. And we believe in the importance of caring for our planet and encouraging others to do the same. It is our goal that by 2015, 100% of our cups will be reusable or recyclable. We will also work to significantly reduce our environmental footprint through energy and water conservation, recycling and green construction.

Community Involvement: From the neighborhoods where our stores are located to the ones where our coffee is grown – we believe in being involved in the communities we're a part of. Bringing people together, inspiring change and making a difference in people's lives – it's all part of being a good neighbor. By 2015, we hope to contribute one million volunteer hours each year to our communities.
