

Starbucks Coffee Company FACT SHEET: Teavana® Shaken Iced Teas

June 2014

SHAKE UP YOUR ICED TEA

Starbucks heritage in tea dates back to the original 1971 Starbucks store at Pike Place Market called Starbucks Coffee, Tea, and Spices. With the introduction of Teavana® to our customers, we're continuing to honor this tradition and build on our passion for tea. Just in time for summer, Starbucks is introducing the latest Teavana® for Starbucks exclusive with **NEW Teavana® Shaken Iced Teas** – including **fresh takes on returning favorites** – each individually handcrafted and shaken with ice.

Customers can enjoy three one-of-a-kind flavors: new **Blackberry Mojito Tea Lemonade**, **Peach Green Tea Lemonade** and **Black Tea Lemonade** – combining the world's finest teas with the most unique layers of flavor. All three flavors will be available nationwide starting June 24 at company-operated and licensed Starbucks locations.
